DEAR ALUMNI, PARENTS, AND FRIENDS OF TUFTS,

It was a great year for the Tufts Travel-Learn program! We had more faculty hosts accompanying trips in 2019 than in past years, and I got to know more of our adventurous and curious Tufts travelers. I am finding a keen interest in trips that go a little off the beaten path, have opportunities for more physical activity, and offer some uniquely “Jumbo” insight.

With that in mind, I am pleased to bring you the 2020 catalog of trips. While you will still find many of our tried-and-true offerings, I encourage you to check out our new and exciting Travel-Learn opportunities, including:

- Partake in the magic of the monarch butterfly migration and explore Mexico’s rich cultural history during the peak of the March migration season.
- Escape to vibrant Lisbon on our popular five-day “Getaway” program—designed for people with busy lives who still want to explore the world.
- Wear your Jumbo pride on a custom-designed trip to Bermuda, where you will learn about legendary track coach Branwen Smith-King’s current work as executive director of the nonprofit Bermuda Sloop Foundation and get an islander’s insider perspective from Tufts’ own Bill Zuill, A86, former executive director of the Bermuda National Trust.
- Learn about Tufts’ important efforts to save elephants on a special conservation-focused safari in Kenya.

As always, please express your interest early as our trips fill quickly. I hope that you will be able to join us on one of these very special adventures!

Warm regards,

Mary Ann R. Hunt

- **Feel secure. Be insured.** Familiarize yourself with the tour operator's cancellation policy and penalties. We strongly encourage you to purchase trip cancellation and interruption insurance. You are free to use any insurance company you like. As a service to you, we have provided information from insurance provider Meyer and Associates, a partner of the Tufts University Alumni Association, on our website, go.tufts.edu/travel_learn. All Tufts Travel-Learn participants are covered under the university's ISOS umbrella policy, which provides emergency medical evacuation and assistance.
- **Know your travel limits.** Some of our itineraries are more demanding than others. Be sure you're in adequate physical and mental health for the journey you choose. When in doubt, ask your physician. If you need specific kinds of help, you must have a companion who can provide all the required assistance. Our tour operators reserve the right to send home any participants (at the participants' own expense) who require more assistance than can reasonably be provided.
- **Understand pricing and capacity.** These are group trips; our tour operators set the price and number of travelers. Occasionally trips are canceled due to low enrollment. If you have questions about minimum and maximum capacity, please contact our office or the tour operator for the program. Most prices listed are per person based on double occupancy. You may also contact Tufts Travel-Learn to sign up to receive notice when a trip with no single supplement fee is being offered.
- **Be alert about travel safety issues.** Trouble spots crop up around the world from time to time. We encourage our travelers to stay well informed and to make decisions to travel based on their own comfort level. We provide links to the State Department and CDC as well as many other helpful travel links on our website, go.tufts.edu/travel_learn.

Unless otherwise noted, pricing is per person, based on double occupancy, and does not include air. All pricing, itineraries, and details are accurate at the time of printing this brochure, but are subject to change. Please check our website for the most up-to-date information.
