Mystical Migration of the Monarchs

February 6 – 11, 2022

With Sara Lewis, Professor of Biology
One of the most amazing phenomena in nature is the annual migration of millions of monarch butterflies (*Danaus plexippus*) southward from their breeding grounds in the United States and Canada to overwintering sites high in the mountains of southern Mexico. Hundreds of millions of monarchs fly along the Gulf Coast, or across the Gulf of Mexico, to eventually reach the belt of high volcanic mountains that stretches across the southern end of the central Mexican plateau. At about a dozen isolated places within the high-altitude forests of this zone, monarchs pass the winter in aggregations that can exceed 2 billion individual butterflies. Stand amid the fir-covered mountains and witness this awe-inspiring spectacle firsthand as the monarchs flutter, dip, and swoop overhead.
Dear Alumni, Parents and Friends of Tufts University,

We invite you to join us to experience a spectacular natural phenomenon unlike any other: hundreds of millions of monarch butterflies at their overwintering grounds in the mountains of southern Mexico.

With two full days at sanctuaries within the Monarch Butterfly Biosphere Reserve, you will have the opportunity to see monarchs in staggering quantities on the roosts in the early morning, in flight at midday, feeding on wildflowers, and water at streams. You'll also spend time in the colonial town of Angangueo and the massive ancient Teotihuacán complex, exploring Mexico's rich history and culture.

You won't want to miss this unforgettable learning adventure. We expect our limited space will fill up quickly. Please make your reservation as soon as possible to guarantee your spot!

Warm regards,

Sara Lewis is an ecologist and professor of Biology at Tufts University. She has spent the past 30 years studying insect behavior, ecology, and evolution, and teaches popular courses in statistics and science communication. In addition to writing numerous scientific articles, Lewis has given a TED talk and has written popular articles for Scientific American, Undark, CNN, The Guardian, and Natural History. Her work has been featured in the New York Times, Wall Street Journal, Washington Post, and BBC, along with numerous radio shows. She is also the author of Silent Sparks: The Wondrous World of Fireflies, a highly accessible and entertaining journey into the luminous lives of these cherished insects.

• Hike or ride horseback to two different monarch reserves in Michoacán, where millions of individual monarch butterflies gather.
• Photograph the dramatic colors of the butterflies as they hang in clusters from the trees, drink from streams, feed on wildflowers, and soar in the air above.
• Visit the pyramids at Teotihuacán, one of the most architecturally significant Mesoamerican sites of pre-Columbian times.
• Spend time exploring colonial Angangueo, which was once a mining town but now derives most of its livelihood from butterfly ecotourism and agriculture.

Tufts lecturer’s participation cannot be guaranteed and is contingent on a minimum number of paying travelers

Activity Level: 5 | Strenuous

Participants should be able to ascend or descend 100 or more stairs consecutively, plus walk for at least 5 hours over some steep slopes, uneven, and potentially slippery surfaces without difficulty. Physical activities typically last for 5 or more hours at a time.

Please see the “Activity Details” section for further information.
Upon arrival in Mexico City, you will be met at the airport and transferred to your hotel on the Zócalo, in the heart of the historic city center. This evening, meet in the hotel lobby at 7 pm for a program orientation and welcome dinner. Check-in starts at 3 pm.

Overnight at Zócalo Central Hotel. (D)

FEBRUARY 7 – ANGANGUEO

Begin today with a short exploration of Mexico City during a brief walking tour of the Zócalo, Cathedral, Templo Mayor, and National Palace. A boxed lunch will be provided. Depart for the colonial town of Angangueo, high in the mountains in the state of Michoacán, about 100 miles west of Mexico City. Check in at Hotel Don Bruno. After settling in, enjoy a delicious Mexican dinner and then gather for a briefing to help prepare for the next day. (Elevation at Hotel Don Bruno is 8,460 feet. Please note that it can get cold at night and in the early morning, and most rooms do not have heat. It is recommended that you bring warm sleeping clothes.)

Overnight at Hotel Don Bruno. (BLD)

FEBRUARY 8 – ANGANGUEO

This morning, visit Sierra Chincua Monarch Butterfly Sanctuary. This is one of several nearby monarch sites and is more isolated than El Rosario, which will be visited tomorrow. The journey starts with a hike up the mountain to about 10,000 feet. Horses are available to rent for a portion of the trail. The cost is about 100 Mexican pesos, payable in cash only. Some walking will be required, but it can be done at your own pace and with stops and rest as needed. Once at the site, you have the day to enjoy and photograph...
the spectacular colony with a boxed lunch to be eaten at your leisure. Please note that restrooms are located at the bottom of the mountain and not in the reserve. You will have a short time to buy souvenirs at the craft market at the bottom of the mountain. If time permits, visit the Alternare Center, which has more than 20 years of experience working with rural communities with the goal of helping conserve butterfly habitat. They also teach sustainable farming techniques, the construction of adobe houses, wood-saving stoves, and water conservation practices. Later this afternoon, take a walking tour through the town of Angangueo with your guide. Founded in 1792, the town served as a main mining center, providing wealth for the area. Today the town derives its income from butterfly tourism and agriculture. As you explore the cobblestone streets, your guide will share sites of interest and the importance of butterfly conservation to the town. Dinner is at the hotel. Overnight at Hotel Don Bruno. (BLD)

FEBRUARY 9 - ANGANGUEO
Early this morning, visit the monarch sanctuary of El Rosario. This large overwintering colony normally contains well over 100 million adult monarchs. An excellent trail system winds through the fir-covered slopes on which the colony is located. Additionally, there is a nearby stream where the butterflies may fly at midday to drink water. At this time of year, they may take flight for an hour or more for water, nectar, etc., before returning to their roost on the tree limbs or trunks. The hike to reach the colony may again reach up to 10,000 feet and will require hiking up the mountain. The hike is at your own pace, and birding can be done along the way. A portion of the hike can again be done by horseback rental. Once at the site, the day will be spent enjoying the colony with a boxed lunch, to be eaten at your leisure. Restrooms are located at the bottom of the mountain and not in the reserve. In the late afternoon, return from the mountains to Angangueo. You will have free time to enjoy the hotel gardens, walk the town’s cobblestone streets and take photos, or just relax. Overnight at Hotel Don Bruno. (BLD)

FEBRUARY 10 - MEXICO CITY
After breakfast, depart for the Mexico City area and the pyramids at San Juan Teotihuacán. After a delicious lunch near the pyramids, you’ll have the afternoon to explore this world-famous archaeological site, which covers 32 square miles and contains many structures, including two large pyramids. The Pyramid of the Sun, at a height of more than 200 feet, is one of the largest known pre-Columbian structures in the Americas. After time to explore the ruins on your own, return to your hotel on the Zócalo for a farewell dinner. Overnight at Zócalo Central Hotel. (BLD)

FEBRUARY 11 - MEXICO CITY/DEPART
Breakfast will be included depending on your departure time. Airport shuttle service transfers are included and will be coordinated based on flight times. Note: Please schedule your return flights with the understanding that you need to be at the airport three hours ahead of your scheduled departure flight time. As an example, a 7:00 am departure from Mexico City means that you will need to wake up at 3:30 am to get to the airport by 4:00 am. Airport transfers for early morning departures are completely accommodated, but please be aware of the three-hour check-in time for your own planning preferences. Hotel check-out is at 12:00 pm. (B)
WHAT TO EXPECT

**ACTIVITY DETAILS:**
This is an active adventure in high-altitude conditions (over 10,000 feet). Participants should be in good health and able to hike for a distance of 2-3 miles to the colony site and then back the same way (could be around 5 miles of hiking in one day). Typically, the hike takes between one and two hours, but the colony site varies throughout the season, so hiking times and distances may vary.

**ADDITIONAL NOTES:**
Please note that during site visits, the days entail walking around the butterfly sites on your own and photographing and watching butterflies. Please be prepared to be independent during butterfly watching. Bathroom access is at the base of the mountain and can be reached by walking or renting a horse. There are also vendors at the base selling food, beverages, and local crafts. Dressing in layers is important due to weather at mountain elevations.

**ACCOMMODATION**

HOTEL DON BRUNO
Nestled amid the mountains of Mexico, Hotel Don Bruno offers an ideal location for access to the nearby butterfly sanctuaries in the Monarch Butterfly Biosphere Reserve. While its quaint exteriors, surrounding scenery, and courtyard garden are a picturesque backdrop for rest and relaxation, the nearby colonial town of Angangueo beckons visitors to explore.

Visit to the colorful Keukenhof Gardens. An optional postlude in Amsterdam includes a cycling, walking, or cruising to view the historic sites and serene landscapes of the region. Together, we will take in the picturesque Kinderdijk, we will view fields of windmills and sample artisanal cheeses at the world-famous Gouda market.

This delightful journey also provides numerous opportunities for viewing the region’s charming landscapes and historic sites. Together, like-minded travelers aboard Magnifique III, we will explore the historic cities of Belgium and Holland. We will travel to Brussels, Bruges, Ghent, Dendermonde, Dordrecht, and Amsterdam. We will see the Great Church, the Dordrecht Museum, and a medieval monastery. In Antwerp, we will have the opportunity to admire some of the painter’s most famous works. We will be in good health to participate on a Holbrook Travel tour. All of our guests receive a reasonable amount of walking (typically two to three miles per day). You must be able to get on and off no more than 30 minutes in front of your hotel or train station.
