DEAR ALUMNI, PARENTS, AND FRIENDS,

This is a special year for the Travel-Learn Program. We're celebrating our 20th anniversary! My predecessor, Usha Nand Sellers, EdD, J57, AG58, J84P, started the program in 2001 as a means to renew Tufts friendships and forge new ones; as a way to reconnect with Tufts; and as an opportunity to fulfill the need for the deeper, educational experiences that only travel can provide. It was a challenging year to launch a travel program. Two decades later, the travel industry faced an even greater obstacle, and I found comfort in remembering how resilient our intrinsic desire to travel and challenge ourselves is.

So much has happened since we last traveled. The world is not the same as it was before, and now we can see it again with our new perspective. Maybe you've decided to get to know our own country better, and to not take for granted what we thought we could always do. Let Tufts Travel-Learn be your guide. Get a more complete picture of our own history with our New Orleans trip in April or check out California wine country on Pedal, Paddle, & Pinot: A Sonoma and Napa Valley Bike and Wine Tour in June. Visit or revisit Paris and see it from a different angle on Paris in the Jazz Age in September. Or travel to Uganda in October for a once-in-a-lifetime experience, gorilla trekking with Felicia Nutter, the director of the International Veterinary Medicine Program at Cummings School of Veterinary Medicine.

What better time than now to rededicate ourselves to the mission of learning, bringing our open minds to places new to us—to places that ask us to look both inside and outside ourselves? I invite you to satisfy your curiosity and celebrate the long history and spirit of Travel-Learn by joining one of our trips in 2022!

Warm regards,

Mary Ann R. Hunt

Director, Lifelong Learning and Travel-Learn Program
